Richard/Amelia what do you think of this response to Mr. Hennis claims. (from CBS news story highlighted below)

Attorney Client/Ex. 5

In an interview Todd Hennis, owner of the Gold King mine stated that the EPA forced him to open the mine to your agency four years ago by fining him \$35,000 per day.

He also claimed that the water that came out of the Gold King originated in the Sunnyside mine. He said this can be proven with tests that show the mineral content of the water.

Please let me know the EPA response if any.

Sandy

Richard,

Todd and I have exchanged emails only to say we'll be available to meet and talk this week. Attached is the existing access agreement; my assumption is that he will be looking for something more. It would be helpful for me if we discuss the situation some soon.

Thanks

Steve
